

Sign up for the MEF Services Interconnect Wiki

Question	How do I sign up for the MEF Services Interconnect Wiki ?
Answer	<p>Go to the top right of this page and click on the Sign Up link. Choose the second option - MEF Services Interconnect Program - and then complete the simple online form to gain immediate access to the MEF Wiki! You will need an email address belonging to a MEF Services Interconnect Program member company.</p> <div data-bbox="282 384 862 709" data-label="Image"></div> <p>Note that once you complete the sign-up form, you will receive an email to activate your account and set your password for the first time. If you do not see the email in your inbox, check your spam and/or junk folders. Until you activate your account and set your password for the first time, your account will appear in the system as disabled.</p>
