

# How does my company apply for MEF membership?

<b>Question</b>	How does my company apply for MEF membership?
<b>Answer</b>	<p>In regards to logistics, joining MEF is a fairly simple and speedy process that includes completing the <a href="#">application</a> and paying the membership fee. Once we receive a completed application <b>and</b> the annual membership fee, we will process the application (usually within 24 hours) and send an email confirmation of membership to everyone listed on the application. This email confirmation will also contain some "next steps" for new members.</p> <p><a href="#">Download the membership application</a> with payment details to begin the process. Alternatively, contact MEF at +1 310-642 2800, or email us at <a href="mailto:manager@metroethernetforum.org">manager@metroethernetforum.org</a> if you have any questions or to submit your application.</p>
