

How do I, on behalf of my company, request to audit a MEF Quarterly Members Meeting?

Question	How do I, on behalf of my company, request to audit a MEF Quarterly Members Meeting?
Answer	<p>Each quarter, MEF invites a small number of select companies from the industry to attend our members-only meetings as auditors. As our guest for the week, you'll receive the opportunity to attend MEF Technical, Marketing, Certification, and Service Operations sessions that will familiarize you with MEF programs and initiatives currently shaping the industry. You and a colleague (2 per company) will also have the opportunity to interact with our members, learn about the latest industry trends and discuss the benefits of membership. Our meetings are typically well attended by 200+ industry experts.</p> <p>To request to audit one of our meetings, please email manager@metroethernetforum.org.</p>
