

# Can I access material in the old MEF member site using the MEF Wiki (Wiki)

<b>Question</b>	Can I access material in the old MEF member site using the MEF Wiki?
<b>Answer</b>	Yes you can. By using hyperlinks created by others, or added by you, you can access anything in the old MEF member site. However, you will of course need to log into the old MEF member site the first time you try access it in a given MEF Wiki session.
