

# MEF 22.1.1 - MBH Small Cells

Superseded by [MEF 22.2](#)

## Mobile Backhaul Phase 2 Amendment 1 – Small Cells

MEF 22.1.1 is a specification document developed by the Technical Committee of the MEF that provides an amendment to the Implementation Agreement for Mobile Backhaul.

Abstract:

*"This is an amendment to MEF 22.1 that addresses the addition of technical content that may be required in certain small cells use cases."*
