

# 2019-08-21 MEF Workshop Sao Paulo

## Join us at the MEF 3.0 Members Workshop and Roundtable event on August 21 in Sao Paulo!

With the [MEF 3.0 transformational global services framework](#), MEF is focused on defining, delivering, and certifying assured services orchestrated across a global ecosystem of automated networks. Dozens of service providers, technology vendors, enterprises, and industry organizations have been involved in initiatives to accelerate adoption of MEF 3.0 services that empower users with the dynamic performance, assurance, and security required to thrive in the digital economy.

MEF hosts popular, full day MEF 3.0 workshops regularly at our quarterly members meetings and at MEF19. *Our agenda for Sao Paulo has been designed to a convenient half-day format and includes a tutorial-oriented workshop with a closing round table, designed to initiate and discuss opportunities for new MEF collaboration and engagement activities in Brazil.*

### MEF Overview

Download the [MEF Overview Presentation](#) for additional details about MEF and MEF's active work.

### MEF Orientation

Download the [MEF Member Orientation Presentation](#) for detailed information on MEF Membership advantages.

### MEF Hosts and Participants

- Kevin Vachon, MEF COO
- Emerson Moura, MEF CALA Co-Chair

## Topics Covered

### Developing & Implementing MEF 3.0 Services

- MEF 3.0 SD-WAN Services
- MEF 3.0 CE, Optical Transport & IP Services
- Security-as-a-Service for SD-WAN Application Protection
- MEF 3.0 & 5G

### LSO APIs: Enabling Service Automation Across Multiple Providers & Technology Domains

- End-to-End Service Automation: LSO Framework & API Standardization
- Automating Intra and Inter-Provider Operations with LSO APIs
- New LSO Developer Communities for Member Support

### Certifying Services, Technologies & Professionals

- MEF 3.0 Service & Technology Certification & Roadmaps – CE, SD-WAN & LSO Sonata
- Addressing Skills Gaps with MEF Professional Certification – MEF-SDN/NFV, MEF-CECP, MEF-NF and MEF-SDWAN

### MEF 3.0 Proof of Concept Programs

### MEF in Brazil: Engagement and Collaboration Opportunities

## Agenda

9:00 AM	Registration and Coffee
10:00 AM	Welcome and Opening Remarks
10:10 AM	MEF Global Update: Strategy, Key Objectives and Trends, MEF 3.0 Progress Report
10:30 AM	Developing and Implementing MEF 3.0 Services
11:30 AM	LSO - Framework, Inter and Intra-Provider APIs
12:30 PM	Lunch
1:30 PM	MEF Certification Programs
2:00 PM	Members Roundtable: MEF Activities, Collaboration in Brazil
2:45 PM	Closing Wrap-Up
